Please accept the following as introduction to our Company:

Task Construction Associates Inc. is a multi-trade open shop contractor based in North Jersey performing the following disciplines in-house and by affiliated sub-contractor arrangements:

- \* gut/remodel commercial experts
- \* excavation, rigging, concrete, masonry and structural steel
- \* structural remediation and changes, underpinning and shoring
- \* select demolition, saw cutting, loading docks and mechanical industrial applications
- \* exterior envelope - waterproofing, storefronts, architectural aluminum and glass, EIFS
- \* interior trades - expert wood and metal framing, drywall, painting and acoustic ceilings
- \* tile work, epoxy coatings, finish carpentry, doors and cabinetry installation
- \* electrical, plumbing and HVAC through vetted subs with long history with TCA
- \* supervision by owner operator with 40 years in the business

Be it a single important Trade or as a Prime Sub we will always bid to our strengths and our skilled labor availability on each project we vie for. Please let me know what trades or combination of trades will serve your Project. All bids will be broken down by trade and we are always ready to negotiate.

We are available for site visits on a days notice. Thank you for your consideration.
